

# Emmanuel Thivierge

B.Ing. Polytechnique Montréal  
Engineering, Applied Physics

Photography, Acting (Theatre), Physics, New media

Emmanuel Thivierge completed his studies in applied physics and engineering at l'Ecole Polytechnique de Montreal (2007). During his studies he was part of a theater group where he acted, directed and designed sound for numerous productions. Emmanuel's interests are in creating new media art works using his science background while keeping a theater approach to his creation. He continues to act with amateur theater groups in Montreal.

Emmanuel has been a research assistant at the Topological Media Lab from 2006 to 2008.
