Manuscript submission

[Manuscript Submission](#)[Permissions](#)[How to Submit](#)**Manuscript Submission**

Submission of a manuscript implies: that the work described has not been published before; that it is not under consideration for publication anywhere else; that its publication has been approved by all co-authors, if any, as well as by the responsible authorities – tacitly or explicitly – at the institute where the work has been carried out. The publisher will not be held legally responsible should there be any claims for compensation.

Permissions

Authors wishing to include figures, tables, or text passages that have already been published elsewhere are required to obtain permission from the copyright owner(s) for both the print and online format and to include evidence that such permission has been granted when submitting their papers. Any material received without such evidence will be assumed to originate from the authors.

How to Submit

Manuscripts should preferably be submitted in the original file format. Please follow the hyperlink “Submit online” on the right to open an e-mail to the editor and attach the files.

If this is not possible, two printouts of the manuscript must be submitted to the editor.
